Board of Governors
Meeting of November 17, 2010

ITEM: Program Termination: Paraprofessional on Education

COMMITTEE: Committee of the Whole

RECOMMENDED RESOLUTION: Resolved, that the Board of Governors Terminate the Paraprofessional Education

BACKGROUND: Based n the findings of the Post-audit Review, September 9, 2010, it was found that thirty-one students have enrolled in one or both of the specialized courses. Three of the students did complete degrees; two received the A.A.S. in Individualized Career Studies and one received a A.A.S. Occupational Development: Early Childhood. The specialized courses were a part of coursework credited toward their degrees. As of the date of the audit, no student had applied for or received the paraprofessional in Education Certificate from Eastern.

**Eastern WV Community & Technical College
Curriculum Proposal**

Proposal Title: Paraprofessional in Education Certificate Termination

Nature of Proposal (Check one)

Course Proposal: New Course Course Modification Course Withdrawal
Skill Set Proposal: New Skill Set Skill Set Modification Skill Set Termination
Program Proposal: New Program Program Modification Program Termination

Proposed Implementation Date: January 2011

Rationale

The purpose of this proposal is to recommend the termination of the Paraprofessional in Education Certificate. The Paraprofessional Certificate was developed to give students the skills to serve in a support capacity within the education system. It aligned existing courses at Eastern with the requirements for the West Virginia state paraprofessional Certificate (WV Code 126-136-25). Eastern's goal in developing the paraprofessional in Education Certificate was to provide qualified instructional and clerical support for classroom teachers.

Based on the findings of the Post-audit Review, September 9, 2010, it was found that thirty-one students have enrolled in one or both of the specialized courses. Three of the students did complete degrees; two received the A.A.S. in Individualized Career Studies and one received a A.A.S. Occupational Development: Early Childhood. The specialized courses were a part of coursework credited toward their degrees. As of the date of the audit, no student had applied for or received the paraprofessional in Education Certificate from Eastern.

Upon approval of this proposal, the Paraprofessional in Education Certificate will be removed from the 2011 College Catalog.

Specialized courses have benefited students and were specifically designed to meet the requirements for individuals required to obtain the West Virginia Department of Education Paraprofessional Certificate.. The two program specific courses: EDF 170 Classroom Management for Paraprofessionals and EDF 180 Written Communication for Paraprofessionals will remain as course offerings for the Early Childhood Development Program electives as well as classroom aides in need of additional training.

Termination of the Paraprofessional in Education Certificate will have no negative impact on students, financial resources or faculty/staff requirements.
