Contact Us for Next Available Start Dates

Link emailed to participants
upon registration.

**The Advanced Recovery Coach Academy
is held for five days plus clinical/field work.**

**This intensive 5-day training is offered to those
who have previously completed WVRCA trainings**

Students who successfully complete the Recovery Coach Academy and the Advanced Medical Recovery Coach Training will receive a Skill Set Certificate of Completion from Eastern WV Community and Technical College as a Recovery Coach Professional (RCP).* The certificate of completion is endorsed by the West Virginia Recovery Coach Academy and the Greater Recovery and Community Empowerment (GRaCE) as elevating the standards for recovery coaches.

As more entities (hospitals, providers, and prisons) employ recovery coaches, a RCP signifies a level of competence and expertise. A RCP is proficient in the art and science of recovery coaching through actively listening, asking good questions with motivational interviewing, managing biases, and treating people as resources. These skills are essential in recovery coaching.

Advanced Medical Recovery Coach Academy includes:

- 16 hours of Emergency Department Recovery Coach (EDEC)
- 16 hours of RC Ethics
- 16 hours RC professionalism
- 1 hour of Medically Assisted Treatment (MAT)
- + 55 Clinical/Field work hours required

The course offers 4 college credits
