

Are you looking to start a career in healthcare?

FREE Healthcare Training for High School Juniors and Seniors

ENROLL BY AUGUST 1 FOR FALL 2022

Get to work when you graduate!

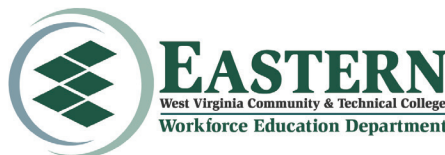

This limited time program gives high school juniors and seniors the opportunity to receive one of three healthcare certifications (Medical Assistant, Phlebotomy Technician, Certified Nursing Assistant) while attending high school. This grant opportunity covers the cost of instruction, supplies, and certifications exams.

Medical Assistant/Phlebotomy Technician

- Medical Assistant program at Eastern West Virginia Community & Technical College (EWVCTC) and Tucker County High School, two nights a week (6pm classes) and two Saturdays a month
- Phlebotomy Technician at EWVCTC, two nights a week
- One (1) semester program (August-December 2022)

Certified Nursing Assistant

- Trainings at South Branch Career & Technical Center, Hampshire High School, and Tucker County High School
- Dual Enrollment
- Students are eligible at their current institutions
- Must be enrolled in C.N.A. program at your school to be eligible for dual enrollment

Enroll by August 1. To secure your place, contact Melissa Shockey, Program Manager, Workforce Education

Email: melissa.shockey@easternwv.edu | Phone: 304-434-8000 ext. *9253 | easternwv.edu/workforce-education

Eastern is an EOE, ADA, AA institution. This program and opportunity is funded and made possible through West Virginia's NEW Perkins Collaborative Reserve Grant.

Students can enroll at Eastern Community and Technical Center for dual enrollment for college credit should they choose to attend Eastern Community and Technical Center after graduation.
