### **SECTION 3. STATEMENT**

Eastern WV Community and Technical College (Eastern) acknowledges and abides by all current copyright and intellectual property law and guidelines and expects all employees and students to comply with U.S. Copyright law. Unless usage of a copyrighted work falls under the definition of Fair Use, written permission must be obtained from the copyright holder before reproducing or using the work.

This policy also defines the respective ownership rights of the College and of its employees (academic and non-academic), in copyrightable materials produced with the scope of employment or in activities of the College. The College does assert ownership of copyrightable work when produced as a result of a contractual agreement or when significant College resources are used in the creation of the work.

### **SECTION 4. OWNERSHIP OF INTELLECTUAL PROPERTY**

The following guidelines will be used to establish ownership of copyrighted materials.

#### **1. College Ownership:**

- a) The College will own any and all intellectual property that is made, discovered or created by a Covered Individual who is specifically hired or commissioned by the College for that purpose.
- b) The College will own any and all intellectual property that is made, discovered or created by a Covered Individual within the scope of his/her employment by the College.

- development of the work through providing substantial financial, personnel, technology, facilities or other resources.
- e) The College, at its discretion, may release its rights of ownership in the Intellectual Property. In such event, the College shall retain royalty-free license to use the work for educational purposes.
2. Covered Individual Ownership:
- a) A Covered Individual owns all rights to Intellectual Property that is made, discovered or created by the Covered Individual on his/her own time, utilizing his/her own resources; that does not involve significant use of College resources or equipment; for which purpose he/she was not hired or contracted by the College and whose job description does not include performance of such duties. It has been the prevailing academic practice to treat the faculty/staff member as the copyright owner of works that are created independently and at the faculty/staff member's own initiative for traditional academic purposes. In this respect, Eastern recognizes and reaffirms the traditional academic freedom of its faculty and staff to publish freely without restriction.
  - b) Covered Individuals who create reusable teaching and classroom materials for Eastern courses shall own these materials unless they are subject to a prior agreement or provisions of this policy governing their ownership. In all cases, the College shall have the royalty-free right to use, display, copy and distribute such materials for educational and administrative purposes.
  - c) All Covered Individuals are obligated to disclose to the College in writing (via the College President and the immediate supervisor), the creation of all Intellectual Property governed by this policy to prevent the development of a conflict of interest or conflict of commitment. Such works may include but not limited to those produced with significant College resources or works produced through a third party agreement pertaining to Intellectual Property.
  - d) Eastern treats intellectual property created by students in the same manner that it does intellectual property created by faculty and employees.
3. Exceptions to the above are authorized if approved by the President upon recommendation of an ad hoc committee appointed by the President and comprised of an equal number of faculty and staff.
