

COLLEGE DEVELOPMENT PROGRAM

EASTERN
West Virginia Community & Technical College

Eastern Career Counselor,
Dixie Heavener
dixie.heavener@easternwv.edu

About the Program

A part-time co-operative designed to give participants hands-on experience while pursuing an associate degree, with the opportunity to move into a full-time position afterward.

What to Expect

- Gain valuable experience in your area of study or interest while going to school
- After six months, team members will be eligible for tuition assistance through the Better Futures Program.
- Participate in monthly virtual professional development sessions
- Strengthen your network by working collaborating with team members from across the company

A UNITED TEAM WITH ONE MISSION

Global Leaders

From our humble beginnings as a small, family-owned beef company started by our founder, José Batista Sobrinho, JBS has evolved into the largest animal protein company and the second-largest food company in the world, serving as global leaders in poultry, beef, pork and lamb processing.

Culture

JBS has united under one mission: to be the best in all that we do. Team members strive toward this mission by uniting under a common goal and staying true to the JBS core values: determination, ownership, discipline, availability, humility, sincerity and simplicity.

Growth

JBS has experienced rapid growth over the last 60 years, providing opportunities for our team members across our diverse portfolio of business units. With more than 100,000 team members and 100+ facilities in the United States, your opportunities at JBS are endless.

Sustainability

Our collective challenge is to provide this growing world with the nutritious, safe and affordable food it requires in a sustainable manner that respects our planet's resources and secures a strong, prosperous course for future generations. The JBS team stands ready to meet this, the great challenge of our time.
