

## **Nursing Program: Associate in Applied Science, Nursing (A.D.N.)**

**Program Implementation:** Full-time day, 60 credit hours

### **Admissions Requirements:**

- **If have failed at two previous Nursing Programs, Applicants will not be considered**
- High school graduate or GED US/TASC test
- 2.5 GPA from high school or college courses
- Eligible to take college-level English and Math
- HESI A2 results: Applicants must have an adjusted individual composite score of 75 or higher

The Nursing Program at Eastern West Virginia Community and Technical College is designed to prepare the Associate Degree Program graduate for practice as a registered nurse once licensure requirements are satisfied. The registered nurse is prepared to care for people of any age who have acute or chronic health care problems in a variety of settings. The nursing student will master the National League of Nursing Competencies which includes human flourishing, nursing judgment, professional identity and spirit of inquiry.

The mission of the program is to prepare students for professional nursing practice while providing a knowledge base for career mobility and further academic study. The program is committed to providing accessible, high-quality nursing education to meet the diverse and changing health-care needs of the community and beyond. Additional information regarding admission requirements, standards of progress and nursing program policies are available through Eastern's website and from the **Director of the Nursing Program**.

Students interested in applying for the Nursing program should contact **Eastern's Student Services Specialist** for additional information.

Students applying for admission to the Nursing, A.A.S. program are required to comply with the **general admission requirements** as well as those admission requirements specific to the Nursing program. The Nursing program has additional course testing and program related fees.

Upon successful completion of the program the graduate will be able to:

- Understand maintaining health and promoting wellness throughout the life span
- Demonstrate an understanding of the nursing process, clinical judgment and decision making
- Understand concepts of the wellness-illness continuum in relation to a person, family and com
- Critically analyze health policy and ethical issues

- The graduate will be prepared for the NCLEX-RN exam and licensure
- The graduate will develop the skills and knowledge to perform a health assessment across the lifespan
- Function within the role of the Associate Degree prepared professional nurse
- Demonstrate personal/professional growth and development with increasing self-direction
- Demonstrate a commitment to lifelong learning through the use of resources, technology and continuing education

*For more information, contact the Admissions Office at 304-434-8000; or toll-free: 877-982-2322.*

**Program Implementation: Full-time day**
