

INTEGRATED PEST MANAGEMENT

Wednesday, May 3

2 - 5 p.m. | TBD | Eastern Registration is \$15

Address: TBD

Integrated Pest Management is offered as part of the Horticulture Management Systems Certification micro credential by Agriculture Innovation at Eastern West Virginia Community and Technical College. This program will provide training for beginner and experienced high tunnel producers to learn how to properly manage and crop plan for consistent production. Upon completion of this program, participants will obtain **3 contact hours**. This program is instructed by **Carlos Quesada** from **WVU Extension**.

*For **Ag Plant and Private Applicator Categories**, certification contact hours gained from this training can be utilized for pesticide **recertification credits**. Each 30 minutes of contact awards 1 recertification credit for commercial applicators, which require 20 recertification credits or 10 hours of contact over a 3-year period, while private applicators need 10 recertification credits or 5 hours over a 3-year period.*
