

INTEGRATED PEST MANAGEMENT

Wednesday, May 3
1 - 4 p.m. | Eastern Main Campus, Room 104B | \$15

Learn how to successfully manage invasive pests and maintain consistent production in this integrated pest management training. Suitable for beginner and experienced producers. This training is offered as part of the Horticulture Management Systems Certification micro credential by Agriculture Innovation at Eastern West Virginia Community and Technical College. Participants will obtain **3 contact hours**. This program is instructed by **Carlos Quesada** from **WVU Extension**.

*For **Ag Plant and Private Applicator Categories**, certification contact hours gained from this training can be utilized for pesticide **recertification credits**. Each 30 minutes of contact awards one recertification credit for commercial applicators, which require 20 recertification credits or ten hours of contact over a three-year period, while private applicators need ten recertification credits or five hours over a three-year period.*
