

• Associate in Applied Science Degree Program

NURSING PROGRAM

Learn how providing excellent patient care will promote positive patient outcomes!

Overview

The Nursing Program at Eastern West Virginia Community and Technical College is designed to prepare the Associate Degree Program graduate for practice as a registered nurse once licensure requirements are satisfied. The registered nurse is prepared to care for people of any age who have acute or chronic health care problems in a variety of settings. The nursing student will master the National League of Nursing Competencies which includes human flourishing, nursing judgment, professional identity, and spirit of inquiry. The curriculum requirements will include the biological, physical, and behavioral sciences consisting of medical-surgical nursing and mental health concepts, and psychiatric nursing. The curriculum is designed to guide qualified students through structured learning experiences in health care settings to meet eligibility requirements for the National Council Licensing Examination for Registered Nurses (NCLEX-RN).
