

## Professional Licensure Disclosure - AAS NURSING (RN)

Eastern's Nursing program is accredited by the Accreditation Commission for Education in Nursing (ACEN), and is aligned with licensing requirements in the state of West Virginia. To learn more about RN licensing in West Virginia, visit the WV RN Board licensing page at: <https://wvrnboard.wv.gov/licensing>

The U.S. Department of Education has implemented regulations (34 CFR 668.43 (a) (5) (v)) which requires Eastern to provide a list of all states/jurisdictions where the institution's curriculum meets state educational requirements for professional licensure or certification. Please note that these disclosures are updated annually.

The following list of states and territories indicates where the Eastern's nursing program meets requirements, does not meet requirements, or it has not yet been determined by Eastern if the training meets requirements. This information is for initial RN licensure by exam, not for transferring an RN license to another state.

Students are advised to review the information below and confirm RN licensing requirements in their home states/territories before enrolling in this or any educational program, as state and territory licensing requirements may have changed since the information in this document was last updated. Website links and contact information for RN licensing bodies in states/territories are provided at the end of this document. Students may also access the NCSBN Board of Nursing Licensure Database at [Board of Nursing Licensure Requirements | NCSBN](#).

West Virginia is a member of the Nurse Licensure Compact (NLC). Under the compact, nursing licensure by exam candidates can obtain a multi-state license (MLS) after fulfilling requirements. Information about NLC can be found at <https://www.ncsbn.org/nurse-licensure-compact.htm>
