

SHOPPING SHEET

Eastern West Virginia Community & Technical College offers admitted veterans and service members access to the Federal Shopping Sheet. This standardized form is intended to make financial aid offers easier for students to compare. This is being provided as a condition under the Executive Order on Establishing Principles of Excellence for Educational Institutions Serving Service Members, Veterans, Spouses and Other Family Members (E.O. 13607).

In addition to being available to admitted veterans, service members and families, Eastern West Virginia Community & Technical College is also providing this information to admitted students.

The Shopping Sheet can be accessed online through your MyEastern account. Please note that data will only appear if you have completed your Free Application for Federal Student Aid (FAFSA) and you have been awarded financial aid. We hope that using this form in conjunction with your EWVCTC Financial Award Notification will allow you to make the best decision for you to reach your education goals.
