

Technical Studies: Pharmacy Technician

Certificate in Applied Science

30+ Semester Hours

This program is designed to provide students with practical hands-on training and education in laboratory procedures, ethics, patient care, and the health sciences which makes them capable of filling a diverse range of duties in the healthcare industry, specifically preparing them to take the Pharmacy Technician National Certification Exam.

Graduates will be able to demonstrate mastery level knowledge and job performance in the following areas:

- Provide comfort to patients, both verbally and nonverbally
- Manage confidential medical information
- Input and record patient information
- Communicate with patients and health care professionals
