Verification Worksheet

Your 2025-2026 Free Application for Federal Student Aid (FAFSA) has been chosen for review in a process known as verification. According to the law, we are required to ask you to confirm the information you and your parents provided on your FAFSA before granting or disbursing Federal Student Aid. Our aim is to ensure that the information you provide is accurate. To verify the accuracy of your information, we will compare your FAFSA with the details provided in this worksheet as well as any other necessary documents. If we find any differences or discrepancies, we may need to correct your FAFSA information or request additional information from you to resolve the discrepancies.

To proceed with the verification process, please complete and sign this worksheet, attach any necessary documents, and submit the form along with the other required documents to the Financial Aid Office. If you are a dependent student, it is mandatory for at least one parent to sign this worksheet. Based on your responses in this worksheet, we may request additional information from you. If you have any questions or concerns regarding the verification process, please contact our office as soon as possible to prevent any delays in receiving your financial aid.
